**STATEMENT:**  
I am running for the House Seat representing Midtown  
District 15. It has been an honor to represent this area  
on the Assembly for over 14 years. I have worked hard  
and deliberated and voted to make Anchorage a better  
city. Some of the things I was able to accomplish with  
the support of my colleagues were: Anchorage's tough  
drunk driving law which at this time was a model for  
other Alaskan cities; made designer drugs illegal to  
sell or possess (we were able to do this months before  
the legislature was able to do the same), made tough  
smoking laws to make clean air an acceptable standard,  
and passed legislation requiring smoke and CO systems  
for homes being sold or rented; and worked to repeal the  
IM testing of automobiles, in spite of State and Federal  
opposition. We have been able to accomplish much.  
However, now is the time for me, with your help, to take  
this desire to work with the citizens of Anchorage to the  
entire State of Alaska.

I will continue to advocate for:

- Safe neighborhoods and quality schools
- Continuation of the Permanent Fund Dividend
- Responsible resource development
- Long-range fiscal plan
- Responsible spending
- Second Amendment rights without compromise

Together we can make Alaska a great place to live. I  
would appreciate your vote. For any questions or more  
information, contact me at dtraini@msn.com.
